

## **Ken Mason**

### **Division 2 Candidate**

**My model railroading story began like many others, when I was younger I had an old Lionel set and that led to HO scale models and then joining the Crescent City Model Railroad Club in early 1980. After a few years at the club, life kind of got in the way of modeling but it was still in the background. I rediscovered the hobby in 2012 and rejoined the CCMRC to help make it better. Now that I am coming to the end of my second term as President of the club, I would like to become the Division 2 Director of the Lone Star Region to do my part in improving the division.**
